

Surface Preparation, Scrubbing, Refinishing

The RedTail 2014 and 2014-180 are great for surface prep and for cleaning any hard surface. Our unique WD™ Wheels Down “Floating Head” design provides 100% wheel contact on the floor and perfect control. The handle is easily removed for transport and storage.

The RedTail strips large areas of floor finish without chemicals, making it safer for all. Excellent for sanding, scrubbing and stone polishing. Easy to learn. For the harshest conditions, use the RedTail 2014-180 with 180 frame HD motor and severe-duty helical-cut gears.
