

HAWK Twin Talon Dual Brush Polishing Edger

Scrub and Polish Tight Spaces - 12", 14" and 16"

ELKHART, IN, USA

The Twin Talon was born out of need for affordable compact power. Dual 1/8 HP motors spin twin heads at 500 RPM in opposing direction. The result is very controllable polisher with a low center of gravity.

The Twin Talon is small enough to work on counter tops but large enough to polish a small bathroom floor. Available in three sizes. The 36" removable handle (included) mounts over the hand grips and lets you stand while using the Twin Talon as an edger, carpet spotter and a floor scrubber.

Engineered Design:

- Compact 22.5 lbs. design.
- 3 sizes (12", 14", & 16")
- The 14" model is designed for use with diamond tools, mounted with pad driver #AS003-7-V
- 1/8 HP Dual Motors
- Includes 36", easy-mount handle for use while standing
- Exclusive Mag-Lock™ brush and driver attaching system
- Durable resin cover over steel frame for reliable performance
- Quiet belt drive power
- Simple operator switch for both hand or foot operation
- 2-Part commercial (16-3) easy wrap cord
- Wide selection of drivers & specialty brushes
- UL / CUL Approved components for safe performance
