

Dry Floors, Circulate and Exhaust Air

HAWK BVP25D
900 CFM Air Mover

The new HAWK BVP25D air mover is designed for small to medium size jobs. Ideal for ventilating hard to reach areas using its robust 1/4 HP induction motor and choice of three air flow positions. The 3-speed motor moves air up to 900 CFM.

Two 12 Amp auxiliary power outlets on the side-mounted control panel makes it easy to connect up to 5 units in daisy chain operation. Quiet - 67 dB.
